Great Season opening for Sydney 46 'Stella'  
by Paolo Bonetto

Congratulation to the Italian Sydney46 owners Stefano Fava and Beppe Cavalieri.

They had an impressive start of the Italian regatta season. Stella is one of the top boats of the Italian ranking. With a first place in the Alassio Blue Water Sailing Week in March and another first place in the glamorous and important Pirelli Trophy in Portofino in May.

Stella's crew is now very motivated to sail the up-coming European ORC championship in Punta Ala.

The Pirelli Trophy counted a hundred boats with most of the important sailing teams in Italy including three Swan 45, various custom built yachts, TP 52's and other competitive cruiser racers.

Nevertheless Stella was able to finish first in the first off-shore regatta of the season and she was always in the lead during the in-shore races witch were very tight.
